Work this out as you read. Don't read the back page until you've worked it out!

1. Pick the number of days a week that you would like to eat out
2. Multiply this number by 2.
3. Add 5
4. Multiply it by 50
5. If you have already had your birthday this year, add 1749. If you haven't add 1748
6. Now subtract the four-digit year that you were born.

President's Message:

We belong to a great club with an extraordinary tradition of service. We are off to a good start thanks to your support, enthusiasm and hard work. There are many benefits to being a Kiwanian. It provides a framework in which members working together can achieve what individuals cannot do alone.

The young men from the Key Club, that attended our meeting Monday night and shared their goals and projects with us, should be an inspiration to all of us more mature young people. We should feel proud to be associated with the Thomas Dale Key Club.

True, we like most service organizations are experiencing some problems in obtaining and retaining members. We can all give a reason why this is happening, but we need to focus on how we can bring, new members into the club, retain our current members and turn our club around so that we may con-

tinue our good work in our community. WE **CAN** accomplish our goals and WE **WILL** make a difference. OUR SPECIAL GUEST NIGHT IS NOVEMBER 15th. LET'S HAVE AN EXCELLENT TURNOUT

We are working diligently to come up with a realistic, balanced budget. Marshall did an excellent job in presenting the budget and fielding your concerns and questions at the Board meeting Monday night. His wounds have healed nicely. Your comments and suggestions on the budget were great! This is the type of discussion and input that we need. It will benefit us as we go through our year. We will present a revised budget for your approval after our regular meeting Monday night.

Thank you for caring.

Answer to the puzzle
 You should now have a three-digit number.
 • The first digit of this was your original number (i.e. how many times you want to go out each week).
 • The second two digits are your age.
 This is the only year (1999) it will ever work...so spread the fun!
